Gelato the champion show dog pawed his way into Lisarow Public school to talk to kindergarten and Stage 1 about how to be a responsible pet owner.

Wendy from the Responsible Pet Owner Program came to talk about pets and how to look after them. She also showed students what to do if you see a sad, mad or scared dog in the street. They also found out what will happen if you ever reach near a dog or cat.

We got the chance to interview a Year 1 and 2 child to see what they thought of the show. We interviewed Jackson from 2/T he said that he thought the show was really good because they bought a puppy and showed us how to handle it. Dominic from 1/G said that it was great and now he knows what to do if he sees a sad or mad dog.

Overall the kids had a great time learning how to be a responsible pet owner. They answered a lot of questions and really enjoyed the show. Some students were lucky enough to pet Gelato and can’t wait to meet a new dog next year.
